

Sprint 1 Plan

UCSC Student Forum

Saikou Team(SKT)

Sprint completion date: 02/02/2018

Goal: The goal for the first sprint is pretty simple. We are trying to make a functional APP with basic function like personal profile editing and account registration/login.

Task listing, organized by user story:

1. As a developer, I want the user to be able to update their profile with useful information to better experience APP.
Picture of the users, basic information of the users, interests of the users.
2. As a developer, I want to build a database that can store user information so that users can use to store information.
Building the database
3. As a designer, I want to design a convenient user interface to give a better experience experience to users.
Interface layout,register, login
4. As a product owner, I want to users to be able to register accounts through only UCSC email.
UCSC register interface, Email verification interface
5. As a developer, I want to learn how to use Xcode so I can develop app.
Learning Xcode

Team role:

Xintong Liu (Product Owner): Email, Learning Xcode

Ruihong Yu(Scrum Master): Database

Qianli Zhang(Developer):User profile, Learning Xcode

Daniel Chow(Developer):Database

Zeyun Huang(Developer):Login and register interface

Jason Chen(Developer): Learning Xcode
