

Sprint 2 Plan

UCSC Student Forum

Saikou Team(SKT)

Sprint completion date: 02/21/2018

Goal:

The goal for the second sprint is more detailed. We are going to implement and make the market/housing feature fully functional. Users can post and find their items. Also, the app will be connected to the database.

User Stories and Tasks:

1. As a developer, I want the the basic functionalities for the marketplace so users can use the app to help buy and sell items.
 - a. Keyword, filter and search algorithm for marketplace – 4 hours
 - b. Sort algorithm for marketplace
 - c. User interface for marketplace
 - d. Message notification for marketplace
 - e. Comment and detail description for marketplace – 12 hours
2. As a user, I want some basic functionalities for the housing forum so I can find somewhere to live with other people
 - a. Sort algorithm for housing
 - b. Comment and detail description for housing
 - c. User interface forhousing
 - d. Message notification for housing

Team Roles:

Xintong Liu (Brian): Product Owner
